

BCS-NJ2001

Digital output module transistor

- High density, with 16 outputs in single width module
- Support of 1.5 A per channel and 6 A per group
- 2 isolated output groups
- Display for module diagnostics and output state indication
- Removable terminal blocks with support for field wiring fixation

Facts

General description

| | |
|----------------|---------------|
| Article number | 66.014.425-4 |
| Warranty | Up to 2 years |

Mechanical

| | |
|-------------------------------|----------------------------|
| Certificates | CE, ROHS, UL |
| Module dimensions (W x H x D) | 17.90 x 113.00 x 117.46 mm |
| Net weight | 200 g |

Power

| | |
|---|--------|
| Current consumption from backplane rack | 165 mA |
|---|--------|

System

| | |
|-----------------------------------|---------------|
| Hot Swap | No |
| One Touch Diag (OTD) | No |
| Status and diagnostics indication | Yes |
| External power supply | 19.2 - 30 VDC |
| Update time | 1 ms |

People & Technology. Connected.

We are a people company. Our experienced, skilled and passionate people empower you to meet your challenges through best-in-class, user-friendly solutions. We are a technology company. We help you optimize processes through our software, hardware and services, and through our support. Connecting people and technologies gives you the means to accomplish your goals and ambitions, and gain a competitive edge in today's digitalized world.
