

BCS-NX8000

24V DC Power Supply Module

High-efficiency switching power supply
Module diagnostics via LEDs
Fanless design (no moving parts inside)
Hot-Swap
One touch diagnostics for easy maintenance

Facts

General description

Article number	66.014.220-0
Warranty	Up to 2 years

Mechanical

Certificates	CE, ROHS, UL, DNV
Module dimensions (W x H x D)	36.00 x 114.63 x 115.30 mm
Net weight	400 g

Power

Maximum input current	2 A
Maximum input voltage interrupt time	10 ms
Maximum output current	6 A
Protections	Polarity inversion, Input/Output short-circuit and overcurrent
Typical efficiency	92% @ 24VDC

System

Status and diagnostics indication	Yes
Power supply redundancy	No

People & Technology. Connected.

We are a people company. Our experienced, skilled and passionate people empower you to meet your challenges through best-in-class, user-friendly solutions. We are a technology company. We help you optimize processes through our software, hardware and services, and through our support. Connecting people and technologies gives you the means to accomplish your goals and ambitions, and gain a competitive edge in today's digitalized world.
