

## Wave II PERFORMANCE Multitouch 18.5" (16:9), i7-8665UE

Panel pc with i7-8665UE

The Wave PERFORMANCE is a state-of-the-art computer concept, derived from the interchangeable electronics unit of the already type approved Wave II monitors.

3 years warranty

Low power consumption

8th Generation Intel® Core™ Processors

Fanless design

±89° viewing angle

DNVGL, CE and UL approvals

### Facts

#### General description

|                   |               |
|-------------------|---------------|
| Part number       | WE185 000 311 |
| Life cycle status | Active        |
| Warranty          | Up to 3 years |

#### Certifications

|         |     |
|---------|-----|
| General | CE  |
| Marine  | DNV |

#### Mechanical

|                  |                        |
|------------------|------------------------|
| Housing material | Black coated aluminium |
|------------------|------------------------|

#### Power

|               |                                                                 |
|---------------|-----------------------------------------------------------------|
| Input voltage | 90-264 VAC (IEC Inlet) (DC single or AC/DC multipower optional) |
|---------------|-----------------------------------------------------------------|

## System

|       |                                                                        |
|-------|------------------------------------------------------------------------|
| CPU   | Intel i7-8665UE                                                        |
| RAM   | DDR4 2400, configurable size. Standard configuration: 8 GB             |
| FLASH | 3 x M2 slot + SATA, configurable size. Standard configuration: 128 GB. |

## Serial communication

|                        |                  |
|------------------------|------------------|
| Number of serial ports | 3 Port 9pin DSUB |
| Serial port 1          | RS 232           |
| Serial port 2          | RS 232           |
| Serial port 3          | RS422/485        |

## Ethernet communication

|                          |                                      |
|--------------------------|--------------------------------------|
| Number of Ethernet ports | 2                                    |
| Ethernet port 1          | 1x10/100/1000 Base-T (shielded RJ45) |
| Ethernet port 2          | 1x10/100/1000 Base-T (shielded RJ45) |

## Expansion interface

|     |                             |
|-----|-----------------------------|
| USB | 2 x USB 3.1 and 2 x USB 3.1 |
|-----|-----------------------------|

## Environmental

|                       |                           |
|-----------------------|---------------------------|
| Operating temperature | -15°C to +70°C            |
| Storage temperature   | -15°C to +70°C            |
| Sealing back          | IP20                      |
| Humidity              | 10% - 90 % non condensing |

## People & Technology. Connected.

We are a people company. Our experienced, skilled and passionate people empower you to meet your challenges through best-in-class, user-friendly solutions. We are a technology company. We help you optimize processes through our software, hardware and services, and through our support. Connecting people and technologies gives you the means to accomplish your goals and ambitions, and gain a competitive edge in today's digitalized world.
